

OUR MISSION

With a vision of **'For God & Country'** through which we envisage a society where in the future citizens of our country evolve themselves as independent, morally upright, socially responsible and being compassionate to the fellow beings and care takers of the nature. We emphasize in providing a platform of education which is affordable, accessible and accountable to the children from all strata irrespective of caste, creed, religion or economic status.

At St.Thomas, we believe in :

- Ensuring opportunity, resources and a safe learning environment to all students to be successful.
- Improving the educational infrastructure and environment continuously and setting high standards for itself and for its students.
- Preparing students for a globally competitive society by maintaining proficiency in cutting edge technology, research, skills etc.
- Motivating staff to maintain a consistency in performance towards a common goal of success for each learner.
