**I Read the passage carefully.**

Our health depends largely on what we eat. We need good quality food for the growth of our body. The important constituents of food include carbohydrates, fats, proteins, vitamins, minerals and water. Food repairs damaged parts of cells and tissues. The food that you eat and drink regularly is called diet. A diet which contains all the essential food constituents in correct proportion is called a balanced diet. It can vary according to the age, gender and occupation of a person.

Nutrition is the process of ingestion, digestion and absorption of food. All living things need nutrition in order to grow and stay healthy.

Time: 9 pm

I had a very wonderful experience meeting aliens last night and sharing many things with each other. They came from a planet called Dyna. They looked like ants. Their bodies were \_\_\_\_\_ into \_\_\_\_\_ sections, with thin arms and legs. But unlike ants they walked upright. We understood each other through brainwaves. Then I got up in the morning and got \_\_\_\_\_. I went to the dining table and \_\_\_\_\_ my plate with three thickly buttered toasts, fried potatoes, two boiled eggs, As I picked up a fork and a spoon my father was shocked to see my plate. I went to my \_\_\_\_\_ and kept my breakfast in front of Chu and Chi. Both the tiny aliens came close to the plate and then quickly \_\_\_\_\_ off saying it stinks. Instead of enjoying this delicious and healthy breakfast, they picked up the steel spoon and started nibbling at it. Soon the spoon and fork couldn't be seen. All of a sudden when I was enjoying my breakfast, Chu's \_\_\_\_\_ made a funny buzzing sound. Chu could smell some \_\_\_\_\_ and climbed on the plate. His antennae started buzzing frantically. Then I came to know that they use butter as fatfuel. They demanded some from me so that they can fill the \_\_\_\_\_ with it and go back to their planet, Dyna. I brought the \_\_\_\_\_ and filled it in the skewpie and soon they went up and disappeared.
