### ❖ FATHER'S DAY ACTIVITY

We have a special homework assignment to celebrate Father's Day!

Your task is to create a beautiful craft that reflects the fun memories you've made with your father.

Here's how you can get started:

Spend quality time with your father—go for a picnic, enjoy a car ride, or have a fun game night. Capture these beautiful moments by clicking pictures, collecting small mementos, or jotting down sweet memories.

Then, create a vibrant A3-sized collage titled "Father's Day Memories" using photos, drawings, and decorations. Don't forget to add a heartfelt note for your dad. Bring your completed collage to school after the holidays—it'll be proudly displayed to honor all our amazing fathers.

### ❖ YOGA DAY- ALIGN YOUR BODY, FREE YOUR MIND

Let's celebrate Yoga Day !

You can either create a yoga-themed collage using pictures of yourself doing simple yoga poses or make a creative "Yoga Dice" with a different pose on each side—roll it and enjoy practicing the pose that comes up!

Choose any one activity, enjoy the process, and bring your creation to school after the holidays.

### ❖ MY GREEN FRIEND- THE PLANT

Take a small pot (plastic bottle can be reused), fill it with soil, and sow seeds (like fenugreek/mustard) with the help of your parents.

Name the plant and decorate the pot using eco-friendly materials (bindi, ribbons, shells, leaves).

Observe and water the plant every day during your holidays.

Parent Note: Click and share 2-3 pictures in form of a picture collage of your child watering and talking to their **“Green Friend”**.
