India is truly a land of secrets, with deep-rooted artistic cultures and an enthralling historic significance. The Indian tribes are equally vibrant, culturally rich, have unique traditions, cultures, lifestyles, religious beliefs, cuisine, languages and rituals.

On the occasion of World Tribal Day, students of classes VI to VIII of St. Thomas School, Sahibabad organised an exhibition exhibiting the paintings, tools, clothes and food habits of various indigenous tribes of India.

Students also performed various dances representing different tribes from West Bengal, Jharkhand and Orissa. The School's Manager, Rev. Fr. Cherian Joseph and school's Principal, Mr Dious Mathai also appreciated the efforts of the children and teachers.

The exhibition was a great success in promoting their culture and honouring their distinctive languages and customs.
