**Note- The following pages contain the content to refer for this worksheet.**

We all live in families. Grandparents, parents, uncles, aunts and children together make a family. Let us know more about family.

### Family

A family is a group of people related to each other. We call each of our family member by a **respectful** manner.

Mother and father are called **parents**.

The parents of father and mother are called **grandparents**.

Father's brothers are called **uncles**.

Uncle's wife is called **aunt**.

The sons and daughters of uncles are called **cousins**.
